Objective

Passionate educator with experience working as a middle school math and high school computer science teacher. After being assigned coding courses with no prior experience I decided to dive into the content for the benefit of my students. In turn I have found a genuine interest in the field of Web Design and hope to pursue it as a career.

EXPERIENCE

Fugees Academy *Atlanta, Ga*

Aug 2018 - Present

6th/7th Math, 11th/12th Computer Science

- Spearheaded a high school computer science program, Intro to Javascript, Web Design
